

FAITH Ministries  
(Families Are In The Heart)

We are a new Nativity School Ministry that was formed to support those school families and faculty/staff members going through a family crisis.

We define a crisis as an illness, hospitalization, death or other circumstances that might adversely affect the ability of families to deal with daily activities.

Our mission is to provide support in a faith based manner during a difficult time.  
(Family matters will be kept confidential)

Our purpose is to address the immediate and ongoing needs of the affected families.  
We are here to help with such things as:

- meals
- getting children to school and after school activities
- getting family members to appointments
- reception setup
- class cards
- household maintenance
- cards and phone calls offering support
- ongoing emotional support

We are looking for volunteers. The opportunity to volunteer can be as small as sending a card, making a meal, or donating a gift card. Volunteering is not a weekly or monthly commitment. You can be placed on a phone list to be called when a need arises. School hours can be earned by volunteering.

If you know a family that is going through a crisis in which we may be able to help lessen the burden, please contact us through school website or email us directly at [faithministryncs@nativitycatholicschool.org](mailto:faithministryncs@nativitycatholicschool.org). We can also be reached through the school office by contacting Therese Alonso at 813-689-3395.

Thank You in advance for your support in building this important ministry and making it a success.

Sincerely,  
Your Nativity Catholic School FAITH ministry committee

Donations of monetary gifts and gift cards can be dropped off during the year at the school office to the attention of Therese Alonso.
