

*NCS Parents We Need You!  
Help us complete the new rubber  
playground surface for your children.*

*Your donation for the new playground surfacing project will allow Nativity Catholic School to install the new 12,000 ft solid rubber playground surface for our students to use on a daily basis. When funds are available we will install a solid rubber poured in place playground surface. The cost of the playground surface is \$133,000.00. To date we have received \$10,000 from 75 families and businesses. We have 496 school families – our hope is that every school family will participate in the new playground project - your generosity is needed and greatly appreciated. Make your donation on line from the Nativity Catholic School website: [www.nativitycatholicsschool.org](http://www.nativitycatholicsschool.org) or you can send it to Nativity Catholic School for the playground project.*

*Help eliminate black tire mulch,  
no more dirty socks & shirts.*

*Construction in process*

*Contact Mrs. Sullivan in the Stewardship & Advancement Office  
at 657-9787 if you have questions.*
