

Save the Date

The agenda for the *Home & School meeting* on **Monday January 11, 2010** includes a presentation by Mrs. Mulrenin, Mrs. Leto Barone, Mrs. Baggs, and a guest speaker. Their subject will be examining how Nativity **enriches its curriculum** for its students and how you, the parent, can support these efforts with your unique child(ren). The 7th & 8th grade annual **Science Fair** will also be presented this same evening. You will be asked to participate as judges during the meeting. Our 7th and 8th graders will be required to be present as part of their Science Fair experiment presentation. Nativity's other students are welcomed to this evening; it is good for our younger children to see and be inspired by the older student's work. Look for more details on our homepage in early January.

The agenda for the *Home & School meeting* on **Monday March 8, 2010** will first include information presented by Mr. Martin and the School Finance Committee regarding the **budget and tuition rate for the 2010-11 academic year**. We will also have a presentation related to the *Family Life* curriculum currently taught within all Catholic Schools within the Diocese of St Petersburg. Parents attending will receive a special resource book, ***Between You and your Child; Catholic Values of Human Sexuality for your Family***, which could be used by you, at your discretion, with your child anytime during his/her Elementary or Middle School years. We will share some new materials to be used next Spring with Nativity's older students related to developing the **Catholic values of human sexuality** within our students. This meeting is for parents only; please plan ahead for child care.

Both meetings will begin at 7 PM. Free dress passes will be awarded to students whose parents attend these meetings.
