

Whose on First

As we list our employees for you, know that our desire is always to be in great communication with our school parents. Please use the list below for reference so that you always share your ideas, questions, needs, etc with the employee closest to any situation first before having further conversations with other employees. This is a professional courtesy, a signal of respect to all personnel, and the most efficient way to work for the on-going growth of our wonderful children and school.

All email addresses are @nativitycatholicsschool.org
