

# **TRANSPORTATION PROCEDURE**

## *for After-School Sporting Events*

Each family is expected to arrange transportation for their athlete to and from an after-school sporting event. You are encouraged to make arrangements with other families in advance if you are unable to drive to an event. Nativity Catholic School coaches will not be responsible for arranging car pools and are not allowed to transport athletes to and from games.

If you are releasing your child to another parent for transportation to an event, you are required to send a written request to your child's homeroom teacher. In this request please ask the teacher to release your child to the driver(s) who will be transporting him/her. This request may include more than one driver and may be good for the entire season of the sport.

# **PROCEDURE FOR PICKING UP AN ATHLETE**

## *for After-School Sporting Events*

On the afternoon of a sporting event, please meet your child on the west side of the recess playground by the P.E. field. You may want to check out younger siblings a few minutes early to avoid getting caught in afternoon car line. All athletes will exit the southwest side of the school building to meet their ride.
